Come feel the Mediterranean with us.

Ona Collection. Simple as Nature.

Ona pays homage to the diverse shapes of nature from our native Mediterranean. It is functional without ever appearing cold, with crisp aesthetics that follow the inherent warmth of the natural environment, made for those who enjoy the power of silent landscapes.

www.uk.roca.com

Everything you need to design your own bathroom space

Digitalisation, technological development, protecting our planet and the increased concern for hygiene are trends that continue to influence our everyday lives. These tendencies determine the way we communicate, work, travel, shop, socialise and, most certainly, how we use such an important space as the bathroom. At Roca, we follow their evolution closely with the aim of better interpreting and anticipating new habits, needs and preferences all around the world.

Therefore, with you as our priority, we have applied our knowledge and expertise to the development of groundbreaking solutions that respond to the new demands in design, comfort, hygiene and sustainability.

In this issue of Everything in Bathrooms you will find a careful selection of our latest bathroom solutions. Among them, you will discover the Ona collection, with its versatile and Mediterranean style, as well as new products using our most innovative technologies and materials. These solutions will allow you to enjoy your bathroom space, helping you prioritise your and your family's wellbeing in an efficient and sustainable way.

As always, it is our goal to offer you the most comprehensive and up-to-date range of products that will make the bathroom your favourite space in your home.

Roca's commitment

Roca is a family-owned company with a firm commitment to society, proven throughout our century-long history. As a global leader in bathrooms and a United Nations Global Compact member, we are committed to take action towards sustainability, aligning our strategic priorities with the Sustainable Development Goals (SDGs).

Pressure on our planet's natural resources and the challenges posed by climate change require an urgent response from all of us. For this reason, we continue working to improve the environmental impact of our operations in line with the Science Based Targets (SBTi) initiative. It is our priority to innovate and develop sustainable technologies with a circular approach; manufacturing products that last, and saving water and energy in millions of bathrooms worldwide.

European water label scheme

Many of are products are registered with the Water Label scheme. The scheme identifies water saving products, that when installed and used correctly, will use less water, saving energy and money.
The Water Label is used across Europe for most bathroom products.

Throughout our brochure, we have used the one-line version of the label as shown above, the flow rate classification is measured at 3 bar pressure.

In-Wash® In-Tank®

Due to manufacturing processes all dimensions are approximate.Dimensions in mm.
Where applicable, height dimensions for the WC pan do not include the seat dimensions
and height dimensions for wall-hung WCs include the recommended installation height.

In-Tank® technology, the all-in-one solution

Integrated cistern

The Soft Air technology propels water from the tank to the upper part of the bowl in a powerful, upwards motion, quietly and effectively flushing the toilet.

Rimless Vortex

A bowl cleverly designed to propel water around in a 360° whirlpool. The asymmetrical shape of the bowl, free of angles and nooks, contributes to a more powerful and efficient flush.

Supraglaze®

The inside of the bowl features an additional new glazing, exclusive to Roca, which helps reduce the build up of unwanted bacteria and facilitates the removal of particles.

Controlled flush

A button on the side allows users to activate the full flush manually. Alternatively, use two buttons on the base of the remote control for a dual flush that consumes 4.5 litres for a full flush and 3 litres for a partial flush.

In-Tank® Meridian

Integrated light on the flush button

Integrated cistern and flush system

Reversible push button

Soft Air® technology

The unique In-Tank Meridian WC is a revolutionary bathroom fitting concept which incorporates the tank in its interior. It is the first WC to offer wall-hung and back-to-wall options which do not require a concealed cistern, facilitating ease of installation and creating an ideal solution for small spaces. Water enters the tank and then air is introduced by a revolutionary blower which has been developed in collaboration with Fluidmaster. This innovative blower pushes the water through the toilet rim to flush the WC. Works on mains pressure only. Requires electrics. For pre-installation instructions please visit www.uk.roca.com

Where applicable, height dimensions for the WC pan do not include the seat dimensions and height dimensions for wall-hung WCs include the recommended installation height.

Product Band A

W+W

W+W brings together design and sustainability by combining the toilet and washbasin in one single piece.Complemented by the Singles-Pro tap this solution is the logical choice for situations where sustainability and design excellence are top priority.

All water entering the basin of the W+W passes through an exclusive drainage system. Due to the special filtration system, particle debris is separated out from the waste water, allowing only the liquid to pass directly into a small treatment tank where it is purified. Each flush is made directly from this tank, which is connected to the WC cistern. In this way, the water supplied is clean and hygienic. Thanks to Roca's revolutionary 'water reuse technology' every last drop of this discarded water can now be saved and used again.

Ona Collection. Simple as Nature.

Mediterranean lifestyle inside your own bathroom

Ona pays homage to the diverse shapes of nature from our native Mediterranean. It is functional without ever appearing cold, with crisp aesthetics that follow the inherent warmth of the natural environment, made for those who enjoy the power of silent landscapes.

Discover more about Roca's Ona collection at
www.uk.roca.com/ona

Choice of finishes

Enjoy the choice between a modern matt white, classic glossy white or the new Supraglaze®, for an extra smooth finish which prevents dirt build-up.

Fineceramic® basins

Fineceramic® enables us to create products that are 40% lighter whilst retaining the benefits of using a material which is 100% ceramic.

Toilets & Bidets

Available in varying dimensions, including wall-hung, single floorstanding, close-coupled, compact options and wall-hung and back-to-wall bidet models.

Rimless WCs

Rimless toilets are free of angles or nooks ensuring more accessible and more efficient cleaning.

Complete your bathroom with furniture and baths from the Ona collection. (See. P.100 and P.245)

INSTALLATION SYSTEMS

Touchless cistern valve for close-coupled WCs

EM1 Touchless dual flush valve

Roca's Touchless solutions are suitable for both domestic and commercial use, providing an extra layer of safety within the bathroom. Featuring infrared sensors, touchless products allow users to activate the water flow in taps, the flush of the WC or the mirror light using a simple movement without the need for contact, avoiding the spreading of viruses and the growth of bacteria.

Full or half flush

Touchless = Hygiene

The flush activates without contact thanks to an integrated infrared sensor, avoiding the spreading of viruses and the growth of bacteria.

Wave hand
Half flush
3/2 litres

Still hand
Full flush
6/4. 5/4 litres

WRAS APPROVED PRODUCT

The dual flush valve body has WRAS approval.

Quick install

Quick assembly and activation.

No electrical installation

It works on 4 AA batteries (not included) that guarantee more than 40,000 flushes.

Manual battery back-up

It also works manually if the batteries run out.

Adjustable dual flush

Full and half flush volumes to be adjusted between 2 and 6 litres.

Universal

Compatible with most cisterns with a ø40mm cistern hole and an external cistern height (with cistern lid) of 360-390mm.

User friendly

Just a simple wave of the hand. EM1 recognises the required flush (full or half flush volumes).

Discover more about Roca's Touchless valve at **www.uk.roca.com**

Customisable basins - Modo

On a highly aesthetic and functional level MODO has been developed, the first collection formed from a new solid surface material, SURFEX®.

The collection is formed of washbasins, shelves and baths, available in a range of sizes.

Modo washbasins are fully customisable allowing you to create a solution for your space requirements.

To build your customisable basin

1. Choose the basin shape, size and taphole configuration, see Table 1
2. Add additional bowls if required, see Table 2
3. Choose basin skirting options, see Table 3
4. Please contact our Sales Office for further details regarding the RRP on 01530 830080

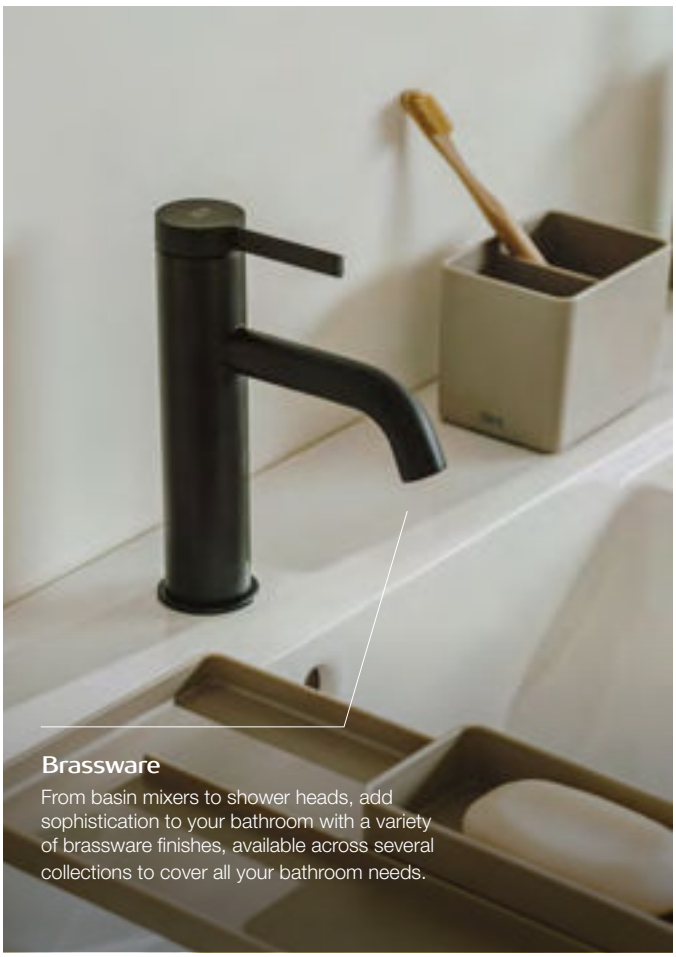
Colour trends

Transform your bathroom

Colour can completely transform a bathroom, we invite you to play with colours, textures and shapes to create daring spaces in which tiles, toilets, shower trays or baths suggest everything you and your home have to tell.
Take a look at our colourful range of furniture, brassware and accessories for all your decorating inspiration.

Furniture

With a colour palette to complement all interior schemes you can choose from nature inspired wood styles, matt tones or contemporary gloss finishes to define your space.



Brassware

From basin mixers to shower heads, add sophistication to your bathroom with a variety of brassware finishes, available across several collections to cover all your bathroom needs.

Accessories

In the modern bathroom, accessories can be much more than a functional element, and this is especially true if you opt for coloured pieces. From shelves to robe hooks, there's options for every space.

Our highly durable Everlux® finish is available in Titanium Black, Rose Gold and Brushed Titanium Black across brassware and accessories.

Colour swatches are available on request and are available to view in the Roca bathroom furniture finishes guide. To request a Furniture finishes guide contact our Marketing team on: 01530 830080 or alternatively please email your request to: marketing@uk.roca.net

Product Band B

Ona

Ona Collection. Simple as Nature.

Discover more about Roca's Ona collection at
www.uk.roca.com/ona

Mediterranean lifestyle inside your own bathroom

Ona pays homage to the diverse shapes of nature from our native Mediterranean. It is functional without ever appearing cold, with crisp aesthetics that follow the inherent warmth of the natural environment, made for those who enjoy the power of silent landscapes.

Furniture

A varied offer is designed to correspond effortlessly with each need. Depending on the size, compartments with one or two drawers can be integrated. Guided rails with a soft-close feature and fully extractable drawers make for easy handling. Incorporating an organiser in the top drawer, Ona furniture offers perfect order with integrated handles.

Washbasins

Ona washbasins are made from Fineceramic®, a material that forms pieces that feature slender contours and are more resistant while also being lighter, opening the doors to never seen before designs.

Space saving solutions

The space-saving compact furniture offers a choice between the single door and double drawer.
For further space maximisation, Ona offers reduced depth furniture and ultra compact doors to make your bathroom as accomodating as possible.

Ona Standard

Aleyda

A modern and versatile solution

Coming soon

Aleyda has a sleek asymmetrical finger-pull handle as its focal point, a subtle touch that will appeal to lovers of modern design. The wall-hung and floorstanding furniture is available in five understated finishes - Pebble Grey, Beige Wood, White Wood, Matt White and Matt Black, all of which enhance its contemporary looks.

A versatile solution in a range of sizes, Aleyda will keep any bathroom stylishly organised.

Tenet

Practical and simple

Coming soon

The Tenet range proves that practicality and good looks go hand in hand. With the capacity to keep bathroom clutter at bay, Tenet furniture ranges in size from a compact vanity to a double basin unit with six drawers.

And with five finishes to choose from – Walnut, City Oak, Nordic Ash, Gloss Grey and Gloss White – the sleek handleless furniture will perfectly complement any bathroom.

The Gap

Renowned for its contemporary and functional style, The Gap range is specifically designed to optimise the bathroom space.
For practical and customisable bathroom furniture, discover the new possibilities The Gap has to offer with this broad extension to the popular range

Discover more about The Gap collection at
www.uk.roca.com

Different dimensions to suit all bathroom spaces

The Gap offers cabinets with a width ranging from 500mm to 1200mm, so the right dimension can easily be found for every bathroom space. There is a choice of a standard depth of 460 mm or a compact version with a reduced depth of 380 mm.

Finishing touches

Available in an extensive range of colour choices including Gloss White, Anthracite Grey, Arctic Grey, Nordic Ash and Textured City Oak, the look can be perfectly finished with a handle in Matt Nickel or in Gloss Aluminium to complete the look.

Accessories for easy storage

To make it even more practical, The Gap bathroom cabinet can be finished with accessories such as a side towel rail or convenient organising boxes that make storage in drawers easier.

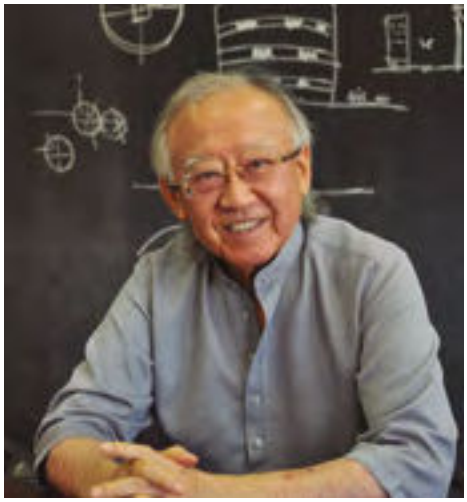
Ruy Ohtake



Ruy Ohtake was one of the most well-known and respected architects in Brazil and in the world. Responsible for designing structures across the country and overseas merging technological innovations with an original plasticity. Ohtake's conceptual ideas can be recognised for their extreme sculptural forms and bold use of colour, always creating a sense of surprise.

Everlux®
Hard wearing inspiration

Products with Everlux coating stand out for their exclusive and trendy finish, which provides distinction and uniqueness to the bathroom space.

Greater sophistication, enhanced resistance

Roca has been able to create a range of colours with a gloss or matt finish to offer multiple combinations in the creation of sophisticated and highly resistant bathroom spaces.

Sophisticated finish

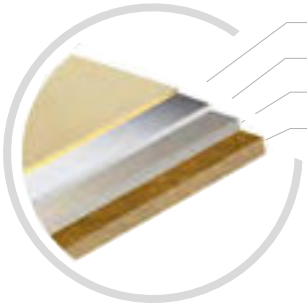
Exclusive trendy coating that provides elegance and uniqueness to the bathroom space.

Sustainable

Purely physical technique that doesn't require harmful chemicals during its production process.

Resistance

Ultrafine and hard metal-based layer that guarantees a surface that is extraordinarily resistant to scratching and cleaning products.



Everlux® colour range

Everlux is available in Titanium Black, Rose Gold and Brushed Titanium Black.

Rose Gold

Titanium Black

Brushed Titanium Black

Insignia

Insignia brassware is available in four finishes. Choose from Rose Gold or Titanium Black with an Everlux® finish. The range is also available in Chrome.

P.170

Ona

Ona brassware is available in four finishes offering the possibility to customise the bathroom space. Choose from Rose Gold or Titanium Black with an Everlux® finish. The range is also available in Matt Black or Chrome.

Cala built-in shower mixer P.187

Shower mixers

Transform your bathroom

Modernise your bathroom space with the addition of a shower or bath-shower mixer. Our mixers are designed for maximum comfort in everyday use. You can achieve the highest levels of control, precision and comfort when selecting your desired water flow and temperature. There are a wide variety of styles from contemporary to traditional available.

Discover more about Roca's Shower mixers at
www.uk.roca.com

Puzzle P.218

Thermostatic mixer sets

Choose from a selection of wall-mounted and built-in mixers with thermostatic control that maintains an exact water temperature for the duration of your shower.

Smart Shower P.207

T-2000 P.211

Smart Shower

At the forefront of smart technology, Roca's Smart Shower enables you to control and customise every aspect of your shower through the control panel or through an app, to enhance your luxury showering experience.

Everlux®

Our highly durable Everlux® PVD finish is available in Titanium Black, Rose Gold and Brushed Titanium Black across selected shower mixers.

Titanium Black

Brushed Titanium Black

Built-in mixers

Built-in shower mixers provide a solution that allows you to save space due to its concealed elements built within the wall. from cutting-edge solutions to more classical designs.

T-1000 Square P.214

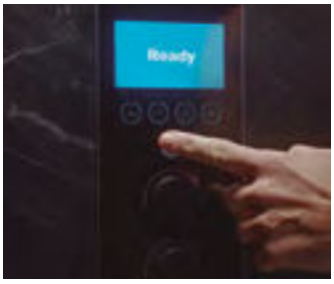
Smart Shower

The digital Smart Shower combines striking design with powerful performance. The Smart Shower uses smart technology to personalise each showering experience.

Discover more about Roca's
Smart shower at
www.uk.roca.com

Smart Shower

At the forefront of smart technology, Roca's Smart Shower enables you to control and customise every aspect of your shower through the control panel or through an app, to enhance your luxury showering experience.



Intuitive use

Its capacitive technology and the ergonomic design of its rotating controls make the Smart Shower very user-friendly. Moreover, as its buttons light up when touched, its use is very intuitive, even for children or the elderly.

Fully customizable

Tell the Smart Shower how you want your daily shower to be. Indicate the temperature, the flow rate and water outlets and it will save your preferences in your app's profile and make your life easier.

Ultrafine design

The control panel barely sticks out from the wall thanks to its 12 mm thick profile.

Self-cleaning

The Smart Shower has a cleaning program that activates all water outlets, releasing an intermitent high-pressure flow of water to remove lime and impurities, which build up in pipes and jets.

Smart Shower	Smart Shower components in the box:				
128 269 	Smart Shower 	3 way electronic mixer 	Wi-Fi module (To connect the 3 Way electronic mixer to the mobile app) 	Plastic box to conceal in the wall, to house the Smart Shower panel. 	Power supply - 12V
5A104AC00	The main components above are included with the Smart Shower, please see page 208-209 for the Smart Shower packs.				

Product Band B

Dimensions are in mm.

The Smart Shower requires a minimum pressure of 1.5 bar for optimum performance.
A shower pump will be required if used with a low pressure water system.
Please ensure that you seek guidance from bathroom professionals regarding your installation requirements.
If you require further details please contact our Customer Service team on 01530 830080.

Smart Shower Packs

To help you design the perfect shower for your needs, we have specially selected five different shower packs below. Alternatively, you can choose the Smart Shower and create different variations for your requirements by selecting different showering or bath accessories. The Smart Shower can be paired with up to three different outlet options, providing various showering combinations. Please see pages 228-239 for shower and bath accessories.

Functions

Rain
The fine water droplets are converted into tiny threads, giving the body a sensation of lightness and pleasure.

AquAir
Water and air are combined to give a soft, foamy sensation for a truly relaxing experience.

Pulse
Intermittent fine jets of parallel flowing water that give the body a revitalising massage.

Spray
A powerful water spray, divided up into tiny droplets that stimulate the blood vessels and give the body a revitalising massage.

Dimensions are in mm.

Bathing materials

When choosing a bath, material choice depends on individual preference and intended use.
In order to be able to provide the right solution for all situations, Roca manufacture baths in different materials, each with distinctive characteristics that defines its design, shape, function and finish.

Kauai P.245

Beyond P.247

Stonex®

Baths made of Stonex®, a strong and durable material offer a delicate texture, with a warm surface that is particularly pleasant to the touch. Choose a freestanding Stonex® bath to provide a statement piece in the bathroom space.

Surfex®

Freestanding baths made of the new material Surfex® come in a range of flexible designs and shapes, which were previously unthinkable. With an outstanding plasticity, this innovative material has a warm mineral texture, which is very pleasant to the touch and has anti-slip properties, ideal for any bathroom.

Carmen P.253

Swing Plus P.255

Virginia P.248

Cast Iron

Reclaiming the classic robustness of cast iron, these baths not only look and feel elegant but are extremely durable and strong. Their incredible thermal and acoustic insulation properties allow them to maintain the temperature for longer, letting you stay in the bath for as long as you wish!

Steel

With a triple coating of a high gloss enamel, steel baths offer a highly durable and hygienic option. Steel keeps the water warmer for longer and is easily cleaned without affecting the finish.

Acrylic

A highly versatile and resistant material, acrylic baths make it possible to produce lighter shapes that are easy to install and maintain.

SHOWER TRAYS

Senceramic®

Anti-slip

Textured surface that guarantees the highest anti-slip levels, while offering a very natural sensation, pleasant to the touch.

Easy cleaning

The zero porosity of vitreous china prevents the absorption of water and therefore, the build up of humidity and bacteria.

Extraslim

Stylish design that allows its floor-levelled installation, thereby facilitating its perfect integration in the shower area.

Resistance

Vitreous enamel, exclusive at Roca, that ensures the stability of pieces against abrasive products, extreme temperatures or UV light.

Colour range

Cratos is available in five exclusive colours: Matt white, Beige, Coffee, Pearl and Onyx.

The shower trays in Senceramic® feature an innovative antislip texture, inconceivable in the design of vitreous china products until now.

Stonex® Resin shower trays

Antibacterial

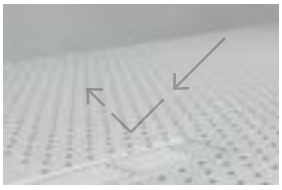
Its outer layer provides the shower tray with antibacterial properties in compliance with the most demanding regulations.

Adaptable

Easily adaptable to any kind of spaces thanks to its cut-to-size option.

Anti-slip

Textured surface that ensures the highest anti-slip levels, while offering a very natural sensation, pleasant to the touch.



Resistance

Its exclusive formula guarantees a high resistance to wear and tear, discoloration, chemical agents and UV light.

Accessories

Roca accessories add personality to your bathroom with small details that make a difference. Each range radiates its own individual style to form a unique and innovative collection.

Discover more about Roca's Accessories at
www.uk.roca.com

Ona P.266

Subtle luxury

Offering both freestanding and wall-mounted options, the Tempo collection is timeless and exceptionally versatile, now available in four on-trend finishes: Rose Gold, Titanium Black, Brushed Titanium Black and Chrome.

Tempo P.268

Dual fixing

Twin and Victoria accessories collection with neutral and functional design. Besides the installation with screws, Twin allows an adhesive fixation system that prevents drilling and guarantees high resistance (up to 5 kg. of static load).

Victoria P.278

Countertop accessories

Ona accessories include a pack with countertop elements (tray, container, soap dispenser and tumbler), available in three matching furniture colours (matt white, matt grey and matt green).
