Roca

Inspirational bathrooms since 1917

With over 100 years of experience Roca has become an international leader in the design and production of bathroom spaces, but the family owned company continues to think globally and act locally.

Quality, innovation, design and sustainability are at the heart of all

Roca products responding to society's needs, while understanding the importance of the bathroom as a space of wellness and relaxation is paramount to Roca.

COSMIC

Cosmic is both form and function for the bathroom. It is minimalism with a reflection of personality for those in the search of wellbeing through design. Offering the latest in high end solid surface basins and furniture as well as accessories and brassware, Cosmic is one of the most global and attractive offerings on the market. For more information or to find your nearest Cosmic showroom please call 01530 830080 or email cosmic@uk.roca.net

Bathroom Inspiration

The world is changing and we need to adapt to new circumstances. More connected than ever before and facing new challenges, in recent times we have had to transform our lifestyle, turning our homes into the main setting of our everyday existence.

At Roca we have devoted over one hundred years to meeting the needs of families in their bathroom spaces, and that commitment leads us to continue evolving together during this period of time in which our home reveals itself as essential.

In order to help you rediscover the enjoyment found in our daily lives, we would like to offer you everything you need to have the bathroom you wish for. Inspiration, ideas and tips for a more hygienic, more organised more relaxing, more sophisticated and safer bathroom, always in line with your demands.

We also present solutions that will help you turn the bathroom into the only space in your home where health and wellbeing are combined. In these pages you will find products that prevent hand contact, materials and technologies that make cleaning easier and many solutions to easily renovate your bathroom.

Aware of the importance of the here and now, we at Roca invite you to make the most of every minute to rediscover your bathroom and make it truly yours.

Scandi living

The most comforting feeling of warmth can be found when it's a refuge from the unforgiving and bitter cold. Keeping out the cold and embracing warmth is a Nordic specialty, and a Nordic-style bathroom provides an atmosphere of calm, cosiness and nurture. In a part of the world where daylight hours can be scarce, we learn a few tips from Scandinavian design for brightening up the bathroom with clean lines and nature inspired finishes.

Open spaces

Create a spacious and bright room by opting for modern and open living products in the bathroom. Open shelving units are a stylish alternative to vanity units, ideal for organised personal bathrooms, hotels or public spaces. Low level shower trays are designed to be installed at floor level, presenting a seamless finish to your bathroom, whilst also providing a safe space to shower in.

Vintage elegance

Although heritage designs nod back to another time, today's classic bathrooms take all the elegance and refined details of the past and combine them with modern functionalities and innovations. This bathroom style usually includes ornate shapes, often combining chrome with white, and details on handles and levers, creating a timeless look perfect for Victorian and Edwardian properties.

In-Wash® with In-Tank®

Forget about the traditional or built-in cistern.

The new In-Wash® with In-Tank® integrates the water tank into the WC pan itself, an all-in-one solution that saves space, improves the aesthetics and simplifies installation and maintenance.

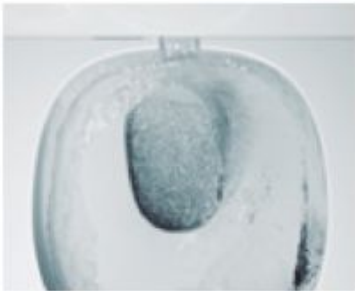

IN-WASH® WITH IN-TANK®
MOVING ON. MOVING FORWARD.

Space efficiency

As it integrates the water tank into the bowl, In-Tank® allows you to gain a few centimeters in your bathroom and remove the visual impact of the cistern.

Optimum flush

The revolutionary Rimless Vortex design is engineered for optimum flushing performance and easy cleaning, with minimum water consumption.

Non-stick surface

The inner surface of the bowl features the new Supraglaze enamel, exclusive at Roca, which hinders the buildup of dirt, thanks to its exceptionally smooth surface.

Remote control

Control all In-Wash® functions with its practical and intuitive remote control. It features buttons for a full (4.5 litres) and half flush (3 litres) and can be attached to the wall with a bracket.

Additional push buttons

The washing, drying and full flush features can also be easily activated with the practical push buttons found on the side of the seat.

Smart features

Intuitive, easy-to-use
remote control

In-Wash® Nova

Its modern design, clean lines and intuitive technology make the new In-Wash® Nova a smart toilet that fits any lifestyle. It's integrated design conceals all water and power connections improving the aesthetics whilst simplifying installation and maintenance.

Detachable nozzle tip

The nozzle tip is removable for easier cleaning.

High-quality materials

All materials used are of the highest quality, for maximum hygiene, performance and durability.

Easy to clean surface

With hidden fixings and a minimal aesthetic, In-Wash® Nova is designed for effortless hygiene

Rimless technology

The smooth walls of the bowl facilitate optimal flushing, easy cleaning and prevent dirt build-up.

Removable seat

Seat and cover are easily removed making cleaning simpler and more hygienic.

Self cleaning nozzle

In-Wash® Nova has a retractable self cleaning nozzle that operates before and after each use.

In-Tank Meridian

The unique In-Tank Meridian WC is a revolutionary bathroom fitting concept which incorporates the tank in its interior.

In-Tank® Meridian

Wall-hung WC

Back-to-wall WC

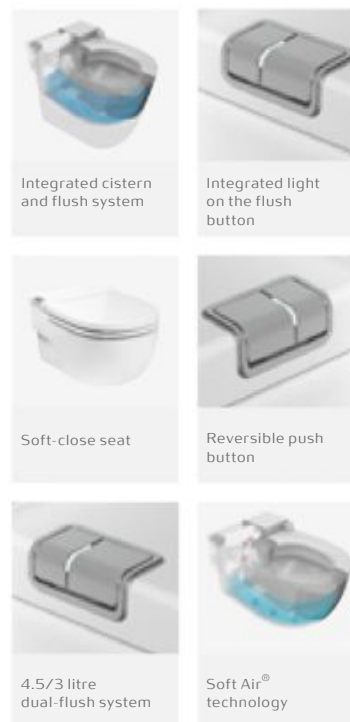

893302000 WC pan, integrated cistern and soft-close seat with I-shaped support frame for solid walls

893303000 WC pan, integrated cistern and soft-close seat

893301000 WC pan, integrated cistern and soft-close seat with L-shaped support frame for stud walls

The In-Tank Meridian WC is the first WC to offer wall-hung and back-to-wall options which do not require a concealed cistern, facilitating ease of installation and creating an ideal solution for small spaces. Water enters the tank and then air is introduced by a revolutionary blower which has been developed in collaboration with Fluidmaster. This innovative blower pushes the water through the toilet rim to flush the WC. Works on mains pressure only. Requires electrics. For pre-installation instructions please visit www.uk.roca.com for further information.

Due to manufacturing processes all dimensions are approximate. Dimensions in mm.

W+W

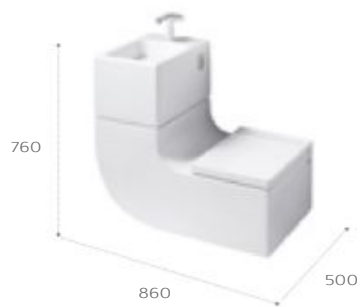

W+W brings together design and sustainability by combining the toilet and washbasin in one single piece. Complemented by the Singles-Pro tap this solution is the logical choice for situations where sustainability and design excellence are top priority.

All water entering the basin of the W+W passes through an exclusive drainage system. Due to the special filtration system, particle debris is separated out from the waste water, allowing only the liquid to pass directly into a small treatment tank where it is purified. Each flush is made directly from this tank, which is connected to the WC cistern. In this way, the water supplied is clean and hygienic. Thanks to Roca's revolutionary 'water reuse technology' every last drop of this discarded water can now be saved and used again.

WC and Washbasin

893020001 Basin and WC

Smart Shower

The new digital Smart Shower combines striking design with powerful performance. The Smart Shower uses smart technology to personalise each showering experience.

User memory

Smart Shower includes user memory in order to customise the shower experience for each user in every moment.

Smart Profile

It installs and stores up to 3 different user profiles with personalised temperature control, flow rate and water outlet parameters.

Colour LCD display

4.3" colour display.

Smart to the touch

Ambient LED temperature indication, touch sensitive display and soft-turn dials for smooth temperature and flow control.

Soft-turn dials

For effortless temperature and flow control.

Smart Warm-up

It pre-heats the shower at the desired temperature by activating all its water outlets at the same time, letting cold water flow until the pre-set temperature is achieved.

Smart Design

The Roca Smart Shower has an elegant and intuitive design, helping the user to understand easily how to operate the shower functions.

Smart for all the family

Smart Shower also offers a child safety mode enabling you to set up temperature, flow, outlet and usage time for your child's shower.

Ultrafine design

The control panel barely sticks out from the wall thanks to a 12 mm thick minimalistic profile.

Warm-up

It pre-heats the shower at the desired temperature by activating all its water outlets at the same time, letting cold water flow until the pre-set temperature is achieved.

Programs

Set your preferences according to the time of day, automate the shower or activate the child protection to ensure a safe showering experience.

Profiles

It installs and stores up to 3 different user profiles with their own temperature, flow rate and water outlet parameters.

App

It allows you to set up all options with up to 3 different user profiles, check your own water and energy usage statistics.

SmartShower

For Smart Shower packs please see P.210

Smart Shower components in the box:

3 way electronic mixer

Wi-Fi module
(To connect the 3 Way electronic mixer to the mobile app)

Plastic box to conceal in the wall, to house the Smart Shower panel.

Power supply - 12V

5A1Q4AC00

The main components above are included with the Smart Shower

The Smart Shower requires a minimum pressure of 1.5 bar for optimum performance.
A shower pump will be required if used with a low pressure water system.

Touchless solutions / EM1 Touchless dual flush valve

Zero contact - Maximum hygiene

Roca's Touchless solutions are suitable for both domestic and commercial use, providing an extra layer of safety within the bathroom. Featuring infrared sensors, touchless products allow users to activate the water flow in taps, the flush of the WC or the mirror light using a simple movement without the need for contact, avoiding the spreading of viruses and the growth of bacteria.

Touchless = Hygiene

The flush activates without contact thanks to an integrated infrared sensor, avoiding the spreading of viruses and the growth of bacteria.

Wave hand
Half flush
3/2 litres

Still hand
Full flush
6/4. 5/4 litres

Quick install

Quick assembly and activation.

No electrical installation

It works on 4 AA batteries (not included) that guarantee more than 40,000 flushes.

Manual battery back-up

It also works manually if the batteries run out.

Adjustable dual flush

Full and half flush volumes to be adjusted between 2 and 6 litres.

The dual flush valve body has WRAS approval.

Universal

Compatible with most cisterns with a ø40mm cistern hole and an external cistern height (with cistern lid) of 360-390mm.

User friendly

Just a simple wave of the hand. EM1 recognises the required flush (full or half flush volumes).

Quick install

Allows the transformation of conventional push button cisterns into touchless ones with minimal effort.

Wave goodbye to germ-ridden flush buttons

- A touchless transformation**
The EM1 valve can be simply retrofitted to upgrade an existing push button to an automatic toilet flush button.
- Ease of installation**
Quick and easy to install with minimal effort.
- No electric connection needed**
Powered by 4 AA batteries (not included) that guarantee more than 40,000 flushes.
- Easy to use**
With just a simple wave of the hand. The EM1 recognises the required flush (full or half flush volumes).
- Water saving**
Full and half flushes can be adjusted easily to 6/4, 4.5/3 or 4/2 litre dual flush settings.
- Touchless hygienic flushing**
With a sleek designed sensor push button, you can flush your WC in a hygienic way.

Materials / Basins and WCs

FINECERAMIC®

New high-quality ceramic material, exclusive to Roca:

Precise:
More precision allowing sophisticated design details and shapes which were not previously possible with standard ceramics

Lighter weight:
40% lighter than conventional washbasins

Stronger:
Up to 30% greater tensile strength compared to most standard fired ceramics

100% ceramic:
Easy to clean, non-porous and resistant to abrasive cleaning products

SURFEX®

New extremely malleable material, exclusive to Roca:

More uniform:
Its extraordinary plasticity allows entirely uniform and joint-free designs, thus increasing the design options

High resistance:
The qualities of this exclusive material provide an extraordinary resistance to chemical agents and UV light

Sophisticated finish:
Thanks to its combination of minerals and resins the products manufactured in Surfex® have delicate, soft and matt texture, very pleasant to touch

Inspira P.78

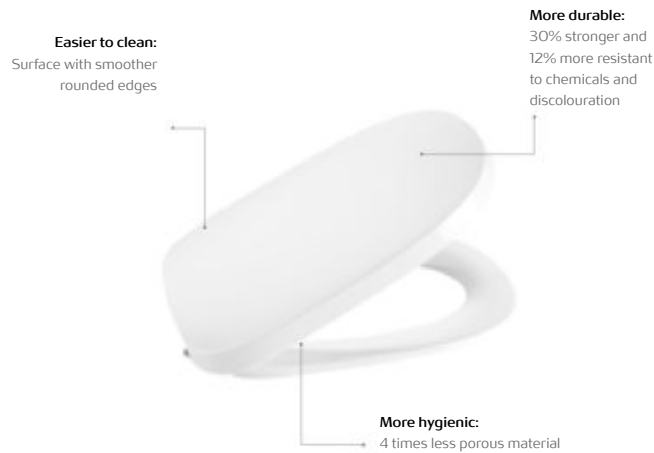

RIMLESS

New optimised design for greater hygiene:

SUPRALIT®

A resin exclusive to Roca:

Beyond

Unlimited edition

The Beyond Collection

When you take care of every detail, when you strive for excellence, when you do every possible thing to make your dreams come true, there are no limits.

For all those who wish to go a step further, we have created a collection that will turn their bathroom into the sanctuary they always dreamt of.

Beyond

Beyond combines cutting-edge design and innovation with the very latest materials and manufacturing techniques. By using the innovative materials Fineceramic® (Roca's new lightweight, thin profile and high-performance ceramic) and Surfex® (our own mineral and resin composite solid surface material), the bathroom space will feature shapes that were previously unthinkable, coupled with enhanced durability.

Basins / Fineceramic® basins with fixed open waste and ceramic cover Ø 72mm.

Ruy Ohtake

The new Ruy Ohtake collection by Roca, was developed with organic lines and timeless design. Brazilian architect Ruy Ohtake was inspired by the elements of nature - the shape of the waves, the horizon line and the purest form of design, the egg - to create this exclusive collection. There are 2 designs in 6 colours to choose from with the option of gloss and matt finishes.

Dama-N

The Dama-N collection features neutral clean lines with a wide variety of sizes, providing maximum versatility for the bathroom space. From the small slots in the toilet and bidet covers, to allow for easy opening, to the shell cistern, which helps prevent unsightly condensation and is easier to clean - Dama-N is both aesthetically pleasing and functional. With a unique square basin design, coupled with straight lines and a variety of dimensions, as well as the option of furniture with drawers or doors, there is an array of options to transform any bathroom space.

Modo

On a highly aesthetic and functional level MODO has been developed, the first collection created from an exclusive formulation to Roca. Surfex® is a combination of minerals and resins, an extremely durable material that allows the creation of shapes that were unthinkable until now. The MODO collection is formed of washbasins, shelves and baths available in multiple combinations with customisable basin solutions to design a perfect solution for your needs.

Modo / Customisable basins

On a highly aesthetic and functional level MODO has been developed, the first collection formed from a new solid surface material, SURFEX®.

The collection is formed of washbasins, shelves and baths, available in a range of sizes.

Modo washbasins are fully customisable allowing you to create a solution for your space requirements.

For ease of reference, refer to the tables opposite

To build your customisable basin

- 1. Choose the basin shape, size and taphole configuration, see Table 1
- 2. Add additional bowls if required, see Table 2
- 3. Choose basin skirting options, see Table 3

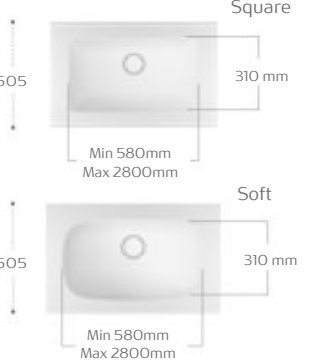

Table 1					
Round basin with waste cover		Square and Soft basin with waste cover		Square and Soft basin with waste cover

Clever storage solutions

The right storage solution can help you reinvent any bathroom space... Faced with a reduced or narrow space, you'll have to think strategically and see every centimetre as an opportunity!

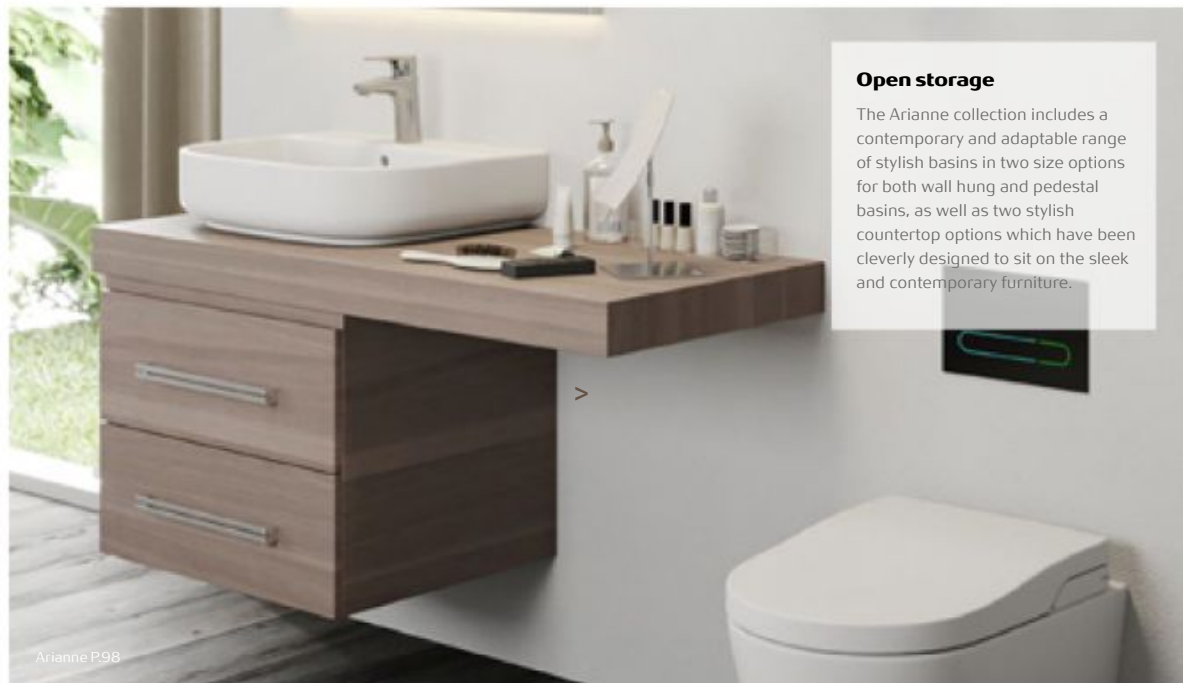

Λ

Think tall

Slim and elongated by design, bathroom columns make the most of vertical space. With a range of models, colours and finishes, columns are a great solution for those bulky bathroom items.

Heima P.146

Arianne P.98

Open storage

The Arianne collection includes a contemporary and adaptable range of stylish basins in two size options for both wall hung and pedestal basins, as well as two stylish countertop options which have been cleverly designed to sit on the sleek and contemporary furniture.

Pure Indulgence

The new Ruy Ohtake collection by Roca, was developed with organic lines and timeless design. Brazilian architect Ruy Ohtake was inspired by the elements of nature - the shape of the waves, the horizon line and the purest form of design, the egg - to create this exclusive collection.

Ruy Ohtake P.86

Smart storage

The Stratum-N bathroom furniture unit storage capacity seems unlimited due to its larger than average dimensions. With a depth of 500mm and an exceptional length of up to 1300mm, absolutely everything will find its rightful place!

Stratum-N P.140

Hidden secrets

Keep your items well organised with a hidden internal drawer featured in the Heima furniture units. You can easily locate toiletries thanks to the full extraction drawer system which allows you to access even the farthest of corners.

Heima P.146

Floorstanding focal point

Floorstanding units make the most of available floor space, and help to de-clutter any bathroom. The Lander vanity unit provides deep drawers and a hidden internal drawer to maximise storage space available within the unit.

Lander P.156

< Space illusions

Mirror cabinets are another great option for smaller bathrooms as their reflective surface will maximise the sense of space. Install them above the basin and keep soaps, toothbrushes and toothpaste just where you need them! The Mini mirrored cabinet can be combined with the basin and furniture unit for a complete solution.

Mini P.162

Easy access >

Keep toiletries always on hand and tidy thanks to the asymmetrical shelf area featured on Prisma basins.

Prisma P.144

Stratum-N

Stratum-N provides comfort based on connectivity. It's generously proportioned storage features interior lighting and Bluetooth® speakers, so you can wirelessly connect to your smartphone and soundtrack your daily bathroom rituals. To offer the maximum storage capacity, Stratum-N comes with internal compartments, making it easy for you to organise all your bathroom essentials so they are exactly where you need them.

Order

Not only does the Stratum-N introduce music to your bathroom, it also makes space dilemmas a thing of the past - with the high-capacity drawers of this clever furniture unit, there is adequate room to store everything.

Storage

Daily bathroom essentials can be easily located thanks to the internal lighting and full extension drawers including handy compartments, whilst valuable items can be stored safely in a concealed drawer. With the Stratum-N, your bathroom becomes a little bit more connected - and a lot more comfortable!

Comfort

Who would have thought that a simple furniture unit could integrate technology into the bathroom and enhance your daily routine? Stratum-N makes it all possible, turning your bathroom into a space of comfort and luxury.

Smart features

1. Bluetooth® speakers

The Bluetooth speakers will add the musical touch you need to transform your daily bathroom ritual into an enjoyable event.

2. Interior lighting

The interior LED light will offer the necessary level of brightness to discover the inside of the furniture unit with total clarity.

3. Drawer organisation

Keep all your items organised inside the furniture unit and locate your toiletries with ease, thanks to the full extraction drawer system, which allows you to access even the farthest of corners.

Everlux

Hard wearing inspiration

Greater sophistication, enhanced resistance

Products with Everlux coating stand out for their exclusive and trendy finish, which provides distinction and uniqueness to the bathroom space. Roca has been able to create a range of colours with a gloss or matt finish to offer multiple combinations in the creation of sophisticated and highly resistant bathroom spaces.

Sustainable

Purely physical technique that doesn't require harmful chemicals during its production process.

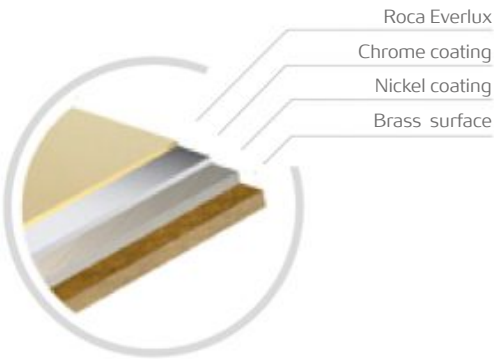

Sophisticated finish

Exclusive trendy coating that provides elegance and uniqueness to the bathroom space.

Resistance

Ultrafine and hard metal-based layer that guarantees a surface that is extraordinarily resistant to scratching and cleaning products.

Colour range

Everlux is available in Titanium Black, Rose Gold and Brushed Titanium Black.

Showering

Upgrading your shower shouldn't have to be a big project. We think everything about your shower should be relaxing or invigorating and adaptable to your needs. With many customisable options, our showering options include those that allow products to be adjusted to suit your height, offer different functions, as well as extras like hydromassage.

Regardless of how you like to shower, you will find exactly the right showering solution in our range.

Smart Shower

At the forefront of smart technology, Roca's Smart Shower enables you to control and customise every aspect of your shower through the control panel or through an app, to enhance your luxury showering experience.

Due to manufacturing processes all dimensions are approximate. Dimensions in mm.

Warm-up

It pre-heats the shower at the desired temperature by activating all its water outlets at the same time, letting cold water flow until the pre-set temperature is achieved.

Programs

Set your preferences according to the time of day, automate the shower or activate the child protection to ensure a safe showering experience.

Profiles

It installs and stores up to 3 different user profiles with their own temperature, flow rate and water outlet parameters.

App

It allows you to set up all options with up to 3 different user profiles, check your own water and energy usage statistics.

Smart Shower

Smart Shower components in the box:

3 way electronic mixer

Wi-Fi module
(To connect the 3 Way electronic mixer to the mobile app)

Plastic box to conceal in the wall, to house the Smart Shower panel.

Power supply - 12V

5A1Q4AC00

The main components above are included with the Smart Shower

The Smart Shower requires a minimum pressure of 1.5 bar for optimum performance. A shower pump will be required if used with a low pressure water system.

Smart Shower Packs

To help you design the perfect shower for your needs, we have specially selected five different shower packs below. Alternatively, you can choose the Smart Shower and create different variations for your requirements by selecting different showering or bath accessories. The Smart Shower can be paired with up to three different outlet options, providing various showering combinations. Please see pages 228-229 for shower and bath accessories.

5D124AC00 - Smart Shower Pack - 3 outlets square design.

Pack includes:

Smart Shower	Raindream concealed showerhead 350 x 350mm	Puzzle square jets (3 jets included)	Square Stick shower handset	Flexible hose 1.75m	Square shower hose outlet with handset holder
					

5D144AC00 - Smart Shower Pack - 3 outlets round design

Pack includes:

Smart Shower	Raindream circular Ø300mm showerhead	Shower wall arm 400mm	Puzzle square jets (3 jets included)	Stella shower handset	Flexible hose 1.75m	Shower hose outlet with handset holder
						

5D154AC00 - Smart Shower Pack - 2 outlets Titanium Black

Pack includes:

Smart Shower	Rainsense Ø300mm shower head - Titanium Black	Shower wall arm 400mm - Titanium Black	Stella Stick shower handset - Titanium Black	Flexible hose 1.6m - Titanium Black	Shower hose outlet with handset holder
					

5D114AC00 - Smart Shower Pack - 2 outlets square design

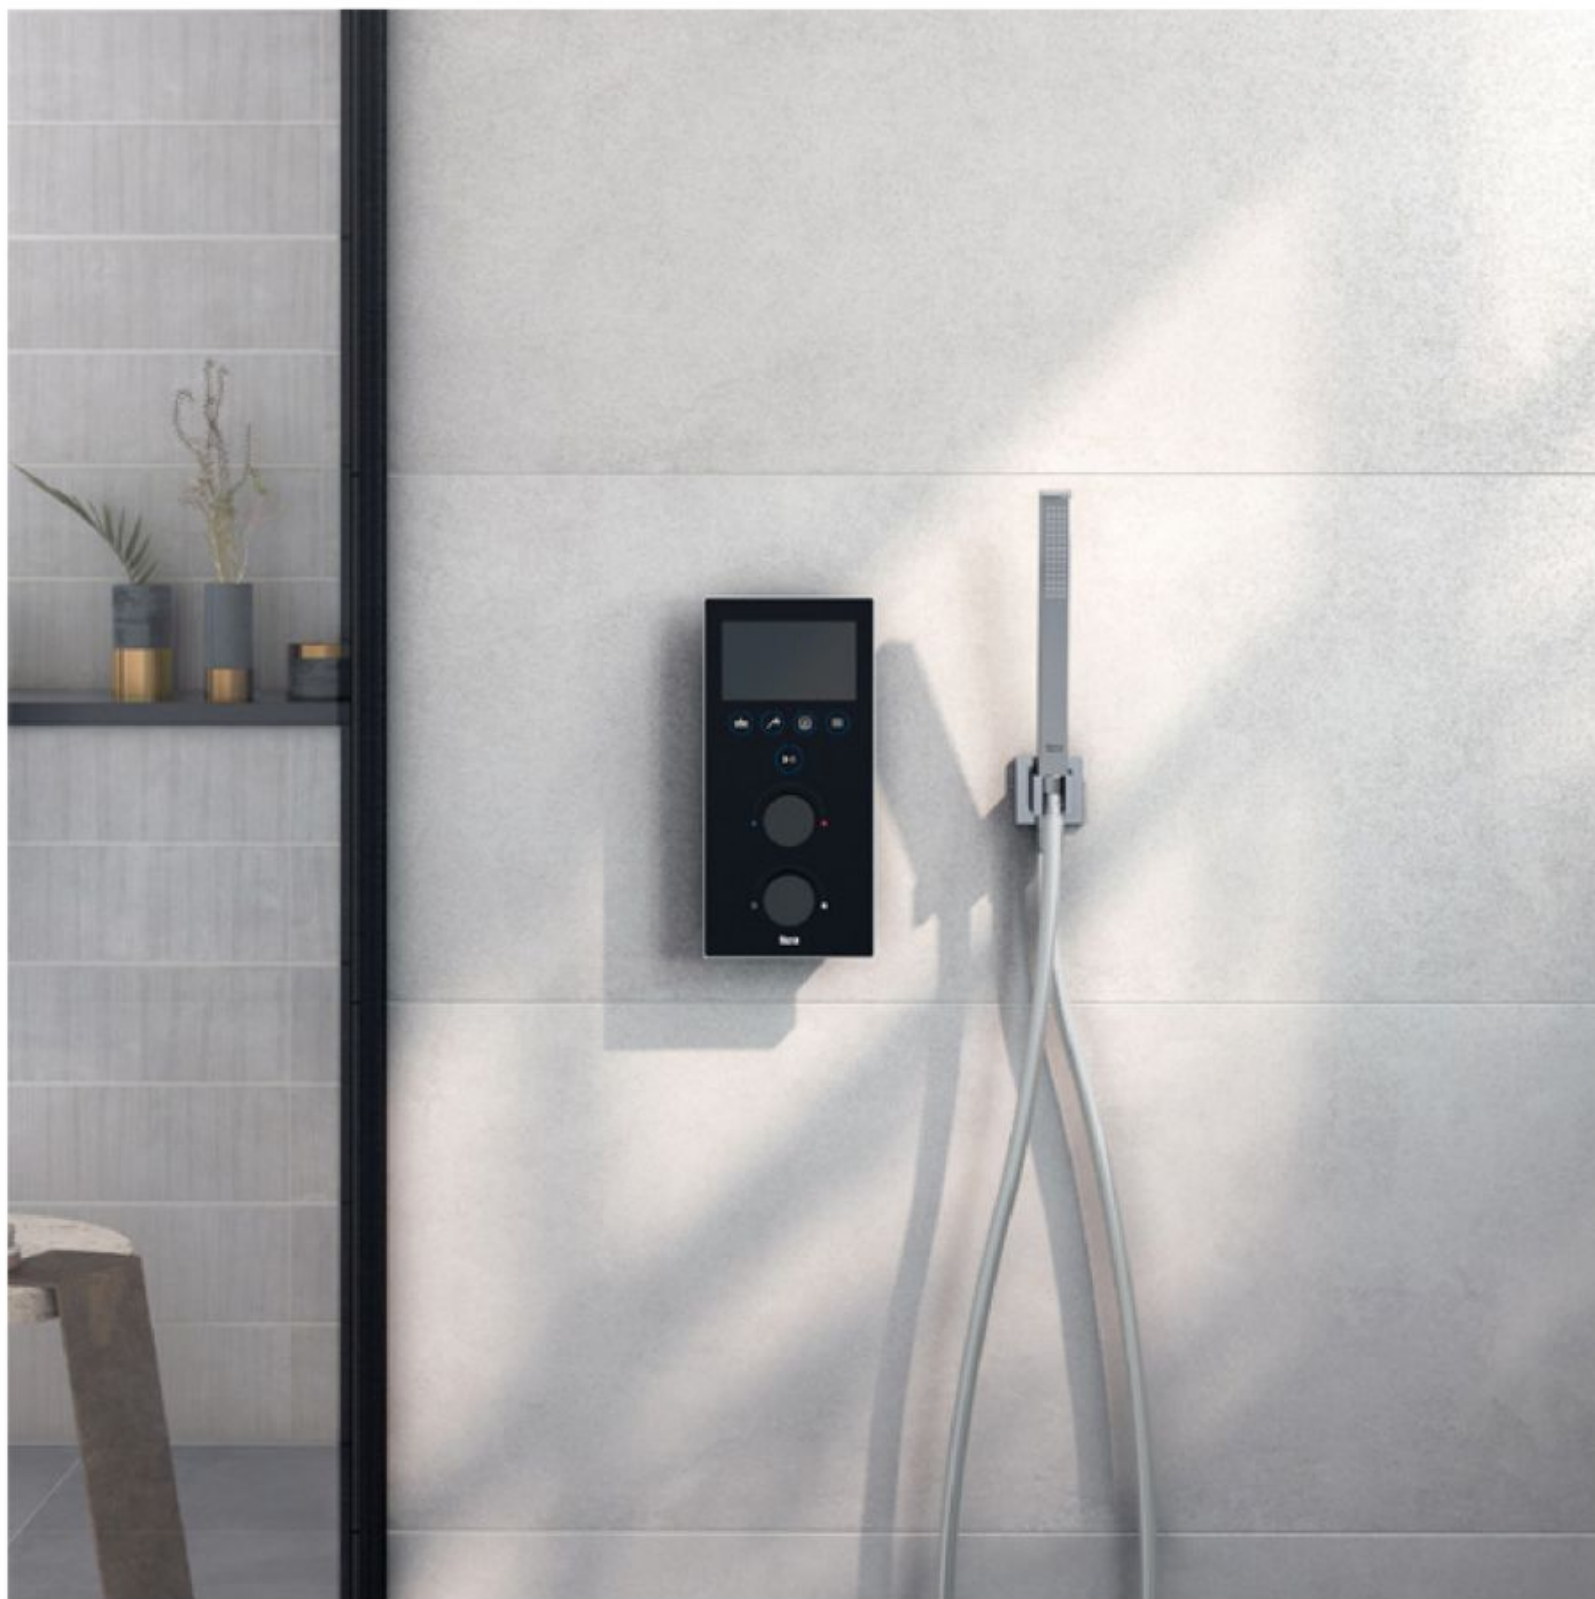

Pack includes:

Smart Shower	Raindream square showerhead 300 x 300mm	Square shower wall arm 400mm	Square Stick shower handset	Flexible hose 1.75m	Shower hose outlet with handset holder
					

5D134AC00 - Smart Shower Pack - 2 outlets round design

Pack includes:

Bathing materials

Surfex®

Freestanding baths made of the new material Surfex® come in a range of flexible designs and shapes, which were previously unthinkable. With an outstanding plasticity, this innovative material has a warm mineral texture, which is very pleasant to the touch and has anti-slip properties, ideal for any bathroom.

Bathing materials

When choosing a bath, material choice depends on individual preference and intended use.

In order to be able to provide the right solution for all situations, Roca manufacture in different materials, each with distinctive characteristics that defines its design, shape, function and finish.

Stonex®

Baths made of Stonex®, a strong and durable material offer a delicate texture, with a warm surface that is particularly pleasant to the touch. Choose a freestanding Stonex® bath to provide a statement piece in the bathroom space.

Cast iron

Reclaiming the classic robustness of cast iron, these baths not only look and feel elegant but are extremely durable and strong. Their incredible thermal and acoustic insulation properties allow them to maintain the temperature for longer, letting you stay in the bath for as long as you wish!

Steel

With a triple coating of a high gloss enamel, steel baths offer a highly durable and hygienic option. Steel keeps the water warmer for longer and is easily cleaned without affecting the finish.

Acrylic

A highly versatile and resistant material, acrylic baths make it possible to produce lighter shapes that are easy to install and maintain.

Due to manufacturing processes all dimensions are approximate. Dimensions in mm.

Stonex®

Stonex® is a composite material made of two layers which are extremely well connected with each other.

The basis is formed by a high-quality mineral casting material, the surface is coated with a two millimetre thick acrylic layer. Stonex® is hygienic, easy to clean, temperature resistant according to EN 263 and anti-slip (class C).

SURFEX® / freestanding baths

Due to manufacturing processes all dimensions are approximate. Dimensions in mm.

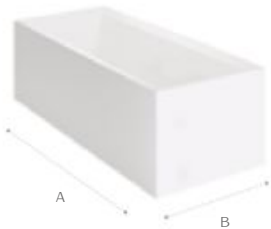

Surfex®

Surfex® is an extraordinarily malleable material that adapts to the most diverse profiles, angles and straight lines, allowing shapes that were until now unimaginable in the bathroom space. Due to its mineral nature and the polishing process, Surfex® features an exceptionally high anti-slip property, ideal to be used in the wet areas of the bathroom.

Shower tray materials / Senceramic®

Senceramic®

Anti-slip

Due to its textured surface Senceramic® offers a high anti-slip effect, providing maximum safety during use. Our Cratos shower trays meet the highest anti-slip standards - Class C.

High resistance

The properties of this exclusive material provide exceptional resistance to chemical agents and UV light, ensuring the shower tray remains in perfect condition for a long time.

Easy cleaning

Roca's innovative Senceramic® material is non porous and resistant to abrasive cleaning products, making cleaning easier.

Superslim

Senceramic® shower trays are extra slim and can be installed level to the floor adaptable to any kind of surface.

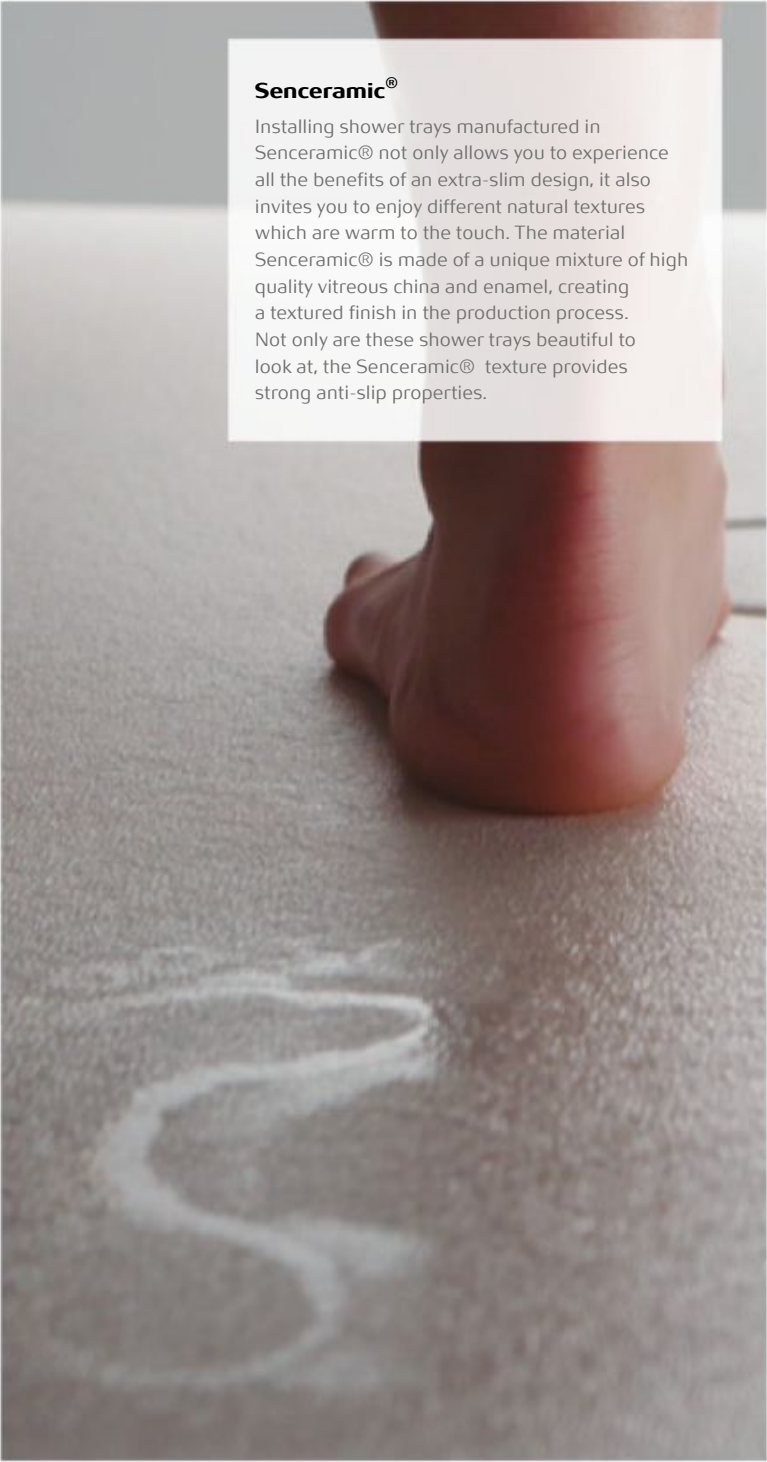

Colour range

Cratos is available in five exclusive colours: Matt white, Beige, Coffee, Pearl and Onyx.

Senceramic®

Installing shower trays manufactured in Senceramic® not only allows you to experience all the benefits of an extra-slim design, it also invites you to enjoy different natural textures which are warm to the touch. The material Senceramic® is made of a unique mixture of high quality vitreous china and enamel, creating a textured finish in the production process. Not only are these shower trays beautiful to look at, the Senceramic® texture provides strong anti-slip properties.

Shower tray materials / Stonex®

Stonex®

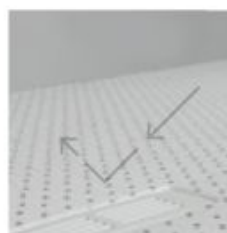

Shower trays made of Stonex®, a strong and durable material, offer a delicate texture with a warm surface that is particularly pleasant to the touch.

Stonex®

Anti-slip

Due to its textured surface Stonex® ensures the highest antislip levels, while offering a very natural sensation, pleasant to the touch.

High resistance

The properties of this exclusive material provide exceptional resistance to chemical agents and UV light, ensuring the shower tray remains in perfect condition for a long time.

Antibacterial

Its outer layer provides the shower tray with antibacterial properties in compliance with the most demanding regulations.

Colour range

Terran is available in six exclusive colours: White, Off white, Cement, Slate, Black and Cream
